

Attention Frustrated Family History Researchers The World Over...

“Discover If Your UK Ancestors Were Hung For Sheep Stealing, Stinking Rich, Dirt-Poor Or Shipped Off To A Life Of Hell In Australia!”

New Book Reveals How To Quickly And Easily Uncover Hidden Secrets Of Your Family History And Avoid Red-Tape, Dead-Ends And Wasted Time!

Dear family historian,

If you've been involved with researching your family history for very long, you'll know it can be a roller coaster ride.

At one point you can be riding the crest of a wave because you've found some great information about **a long-lost relative who'd committed a dastardly crime**, then the next you can be grinding your teeth trying to piece together a seemingly complicated set of relationships on your family tree.

Sound familiar?

And another thing, if you're searching for any of your UK ancestors, it all seems to take so much more effort sometimes doesn't it?

The plain truth is, searching for UK specific information is relatively easy up to a point, and then **things can get very sketchy if you don't know what you're doing...**

Now Before I Tell You What You Can Do About All This, Let Me Ask You A Few Questions...
